

# **Peter Pan Early Learning Center**

## *Sunscreen and Insect Repellent Policy & Permission Form*

We request that parents apply a water-proof sunscreen and insect repellent to their child before coming to school each day. Please read the directions on your sunscreen, and make sure it is age appropriate for your child. Please Note ~ we are outdoors every day that weather permits and highly recommend the use of sunscreen and insect repellent.

Peter Pan will supply sunscreen and insect repellent for the applications that take place at our school. We will primarily use Avon Bug Guard Plus Expedition. This pump sprayed product has SPF30, is DEET free, and repels mosquitoes, deer ticks, gnats, and other insects.

Peter Pan staff will reapply our sunscreen/insect repellent after swim and/or after our 3:00 snack, provided you fill out the attached permission slip.

I request that Peter Pan apply their sunscreen/insect repellent to my child after swim and/or each afternoon after snack as needed.
