TB Test and Lead Poison Waiver

Dear Physician,

Section 407.31 (Health Requirements for Children) DCFS licensing standards states:

- I. A medical report, on forms presented by the department, shall be on file for each child and shall be dated no earlier than six months prior to the first day of enrollment.
- II. A Tuberculin test shall be included in the initial examination only. A TB test is required within six months prior to enrollment UNLESS the physician verifies in writing that the current test is valid and a new TB test is not necessary.
- III. The initial examination shall show the children from ages one to six years have been screened for Lead Poisoning (for children residing in an area defined as high risk by the Illinois Department of Public Health in its Lead Poisoning Prevention Code (77 Ill. Adm. Code 845) or that a Lead Risk Assessment has been completed (for children residing in an area defined as low risk by the Illinois Department of Public Health).

If you (the physician) feel that a TB test is not necessary at this time, please indicate below.

I do not feel that a TB test is necessary at this time.

If you feel that a Lead Poison screen is not necessary at this time, please indicate below.

I do not feel that a Lead Poison screen is necessary at this time.
